

JURY ACQUITS DRIVER; COUNTY MUST PAY COSTS

A petit jury spent two hours and five minutes Monday afternoon to decide it agreed with a defendant's drinking companions that he wasn't drunk and disagreed with the doctor who attended the defendant immediately after an accident and who said he was "stuporously drunk."

The jury had reached that "not guilty" decision within an hour and 35 minutes after it retired at 1:55 p.m. to deliberate its verdict in the drunken driving charge against Merle Kime, Gardner R. D., but it attempted then to return a verdict placing the costs on the firm owning the truck into which Kime's car smashed near Bendersville August 23.

Judge W. C. Sheely at that time, 3:30 o'clock in the afternoon, after looking at the verdict as the jury had recorded it, told the jury, "The court cannot accept the verdict in this form," and sent the jury back to revise its decision. It came back again at 4 o'clock. This time it had put all the costs, approximately \$50, on the county.

Originally Pleaded Guilty

Dr. B. C. Jones had testified that Kime was drunk when he treated him immediately after Kime's car ran into a parked truck. He testified that a half hour after the accident Kime was unable to walk with two men holding him. Kime's brother, who told the jury he had been one of Kime's companions in a trip to a nearby tavern earlier in the afternoon, said that the three men drank only two beers each while in the drinking establishment. He said that when he arrived on the scene a half hour after the crash his brother was unable to walk, but said that was due to "nervousness."

Kime, who in prior terms of court had been found guilty of such things as failing to stop at the scene of an accident, turning off lights to avoid identity and contributing to the delinquency of a minor, had pleaded guilty to the drunken driving charge when it was first brought, but later withdrew the plea and went to trial on the case. Attorney John MacPhail, making his first appearance in court, represented Kime.

Lentz Convicted

William Lentz, Biglerville R. 1, was found guilty of a morals charge, but leniency was recommended by the jury. Miss Evelyn Miller, sister-in-law of Lentz, told the jury she

DUNBAR TELLS ROTARIANS OF MEXICAN TRIP

Mexico is a country undergoing rapid growth and expansion, Ernest Dunbar, Littlestown, a past district governor of Rotary, told the local Rotary Club Monday evening at its meeting in the YWCA.

Dunbar, who attended Rotary international conventions in Mexico City 17 years ago and again last summer, compared the development of Mexico during that period as well as reporting on the most recent convention. He showed color slides he took touring the country on his convention trip.

Mexico City, he said, is experiencing a period of building unequalled in its history. Within view of his hotel window there, he reported, there were 11 large buildings from 12 to 15 stories high under construction. The largest building in that city is 42 stories high.

3 CHURCHES TO SEE NEW FILM

The motion picture, "More For Peace," will be shown at the Evangelical and Reformed Churches of the Cashtown charge on Wednesday, Thursday and Friday.

The film is the story of Bill Grayson, just home from Korea. When little Timothy asked, "Daddy, will I have to fight in a war?" Bill and his wife decided to do "More For Peace."

It will be shown at St. John's, McKnightstown, on Wednesday evening at 7:30; at St. John's, Fairfield, Thursday evening at 7:30, and at Tainty, Cashtown, on Friday evening at 7:30.

There is no admission charge. The public is invited to attend.

4th Flying Boxcar Crash In 11 Days Kills 8 Servicemen

BILLINGS, Mont. (AP)—The fourth crash in 11 days of an Air Force C119 Flying Boxcar claimed eight lives yesterday when one of the huge transports crashed and burned in a muddy field 12 miles east of this South-Central Montana city.

The eight deaths raised to 91 the number of servicemen killed in Boxcar crackups since Nov. 7.

Four of the dead in the Montana crash burned to death when the two-engine craft plowed into the ground while attempting to make an emergency landing. Four died of injuries.

8 Others Hurt

Eight others, including the pilot and co-pilot, were rushed to two Billings hospitals. Attendants said two were in critical condition.

CARRIER MAY HAVE SPREAD TYPHOID FEVER IN YORK COUNTY

An epidemic of typhoid fever, believed to have been spread by a carrier who had defied detection, has broken out in Franklintown, near Dillsburg, York County, and has led to the mass inoculation of 304 of the hamlet's 328 residents.

This was confirmed Monday night by Dr. Thomas D. Purvis of Camp Hill, of the State Department of Health, who headed a team of two physicians and three nurses into the town to administer the first of a series of three inoculations against the disease.

All afternoon and for two hours Monday night queues of men, women and children shifted up to the inoculation clinic established in the Franklintown grammar school. In turn they bared their arms for the injection doctors hoped would check the mysterious spread.

Must Return For Shots

Next Monday, and the Monday following the process will be repeated to make the protection positive. Three injections are required to provide the complete safeguard against the disease.

Since the first case was reported in mid-October, Dr. Purvis said, 12 cases in all have been identified positively as being typhoid fever. One death which occurred at about the time of the outbreak, Dr. Purvis said, might have been caused by the disease, undetected at the time.

"The patients have been treated or are being treated at Harrisburg, Carlisle and York hospitals," Dr. Purvis said. "Though the use of new anti-biotic, most of them have been able to return home in about a week."

Response Excellent

With the spread of the disease, Dr. Purvis and others from the Department of Health conducted a sanitary survey of the Franklintown area on Nov. 6, he said, turning up "disturbing evidence." As a result of the findings, the mass inoculation was recommended.

The response by the public was excellent, Dr. Purvis stated, pointing out that about 90 per cent of the potential has reported for the treatment, provided free of charge by the state.

Among the 304, he said, were 203 adults, 49 pre-school children and 52 school children. William Evans of Dillsburg, principal of the school, made room available for the inoculation clinic.

The school has not been closed, Dr. Purvis said, as the result of the epidemic.

"We figure that about 95 per cent of the cases in epidemics like this have been infected by a carrier, possibly someone who has handled food that has in turn been touched or consumed by those taken sick. The others usually are contracted through contaminated water."

Crippled Children's Directors To Meet

The quarterly meeting of the directors of the Adams County Crippled Children's Society will be held Wednesday afternoon at 4:15 o'clock in the office of the Board of Assistance, N. Washington St., with the president Dr. Clarence Bartholomew, presiding.

COMMON PLEAS COURT TRIALS ON WEDNESDAY

Trial of civil cases during the November term of court will begin Wednesday morning at 9:30 o'clock, the Adams County court announced at about 11:30 o'clock this morning when it adjourned after completion of all criminal trials and the drawing of a jury for the first civil case.

First case on the docket will be the action in trespass brought by Nick Frederick, administrator of the estate of Clara Candelmo, deceased, Carl Noce, Isabelle Noce and Carl Noce Jr., all of Alliquippa, against Margaret V. Dean, Five Points, administratrix of the estate of Carl W. Dean, deceased, and Albert F. Candelmo.

The case results from an accident in York Springs in which a truck operated by Dean and a car operated by Albert Candelmo collided. Dean and Candelmo's mother, Mrs. Clara Candelmo, were fatally injured, Isabelle Noce and Carl Noce Jr. were injured.

Rearrange Tables

On a request of counsel for the defendants this morning, a physical examination of Mrs. Noce and her son was ordered to determine the extent of their injuries.

Attorneys rearranged tables in the court house to provide enough space for the expected number of defendants, plaintiffs and attorneys in the case. Attorney Eugene R. Hartman of Gettysburg and Attorney Marvin D. Power, of the law firm of Margiotti and Casey, Pittsburgh, are to represent the plaintiffs. The law firms of Bullett and Bullett, and Swope, Brown and Swope, and Attorney J. Francis Yake Jr. are representing the defendants.

Court Refuses To Review Rosenberg Death Sentence

WASHINGTON (AP)—The Supreme Court yesterday refused for the second time to review the case of Julius and Ethel Rosenberg, the husband and wife who face death in Sing Sing Prison's electric chair as atom bomb spies.

Prison officials said the New York couple received the news stoically, with no show of emotion.

Rosenberg recently wrote his wife to listen to the radio for a Supreme Court decision any day. But first word of the court's 8-1 ruling reached them yesterday in a wire from their attorney, Emanuel E. Bloch.

Up To President

Only the President can save the Rosenbergs now. He could reduce their death sentences to prison terms. Otherwise, the next step is for the federal prosecutor in New York to ask the U. S. District Court to set an execution date.

The high tribunal also refused again to hear the case of Morton Sobell, who was convicted with the Rosenbergs and is serving a 30-year sentence.

County Man Says He Was Robbed Of \$25

Glenn H. McKonley, 341 Main St. McSherrystown, reported to Hanover police at 9 o'clock Saturday night that he had been assaulted and robbed of his pocketbook in the front alley south of W. Walnut St., between Ruth and Centennial Aves.

He said he had parked his car on Ruth Ave. and was walking toward the square when he was accosted by a man who asked him to assist him. A second man jumped from the shadows and held him as the other struck him on the right side of the face, McKonley said. In the struggle his pocketbook was taken. He reported his loss at approximately \$25 in paper money, together with his driver's and owner's license cards. McKonley was unable to give a good description of the men. Police are investigating.

INSTALLATION OF FIRE TRUCK RADIOS BEGINS

Installation of the two-way radios in 30 Adams County fire trucks began this morning, with the first system being installed in Engine No. 2 of the Fairfield Fire Department at the local fire engine house.

Raymond Rosen, Philadelphia, a representative of the Radio Corporation of America, was engaged in the work. He said two other engineers will join him here. The men hope to complete the work in 20 days.

Because of the involved wiring and testing, installation of each radio takes "about a day," Rosen said. He added that the three men hope to be able to make two installations a day from now on.

The fire trucks will be brought here from throughout the county in an order being arranged by the fire chiefs of the county. The scheduled being arranged will also call for other fire companies to "cover" certain communities, in event of fire, while their fire truck is at the local engine house for the radio installation.

When all installations have been completed each of the fire trucks will be able to "talk" to all other fire trucks within about a ten mile radius, all will be able to "talk" to the engine house here, and to the central radio station at the local engine house will be able to contact all of the fire departments. The installation is being made for civil defense, but will be used when needed for fires or emergencies.

IRA R. KERR IS NAMED NEW REC DIRECTOR

The engagement of a new recreation director, Ira R. Kerr, teacher of health and physical education in the Fairfield School, was announced Monday night at a regular meeting of the Board of Directors of the Gettysburg Recreation Association.

Mr. Kerr will assume his duties, succeeding Donald Joseph, who resigned last spring, as soon as the Fairfield School Board can obtain a physical education instructor to take his place. He has been acting in a temporary capacity in directing the teen-age dances at Gettysburg High School which have been held the last two Saturday nights.

A native of McVeytown, Pa., he graduated from Olney High School in Philadelphia, and from East Stroudsburg State Teachers College in 1951. He has been teaching for the past year and half at Fairfield. His wife, Mrs. Barbara Kerr, is physical education teacher and coach of the girls basketball team at New Oxford. They reside at 22½ Chambersburg St.

Elect Vice President

The board elected Guile Lefever vice president of the association, to fill a vacancy, voted to sponsor a dance at the high school November 26, Thanksgiving Eve, and voted to purchase 35 new recordings for the recreation association's juke box at the high school.

Reporting on the two teen-age dances held thus far, Mr. Kerr said both were successful, with an attendance of 250 at the first and 195 at the second. A teen-age group at the high school assists in holding the dances, he said, with the following officers: President, Bob Hickman; vice president, Shirley Temple, and secretary-treasurer, Doris Withrow.

The Student Council will supervise the Thanksgiving Dance and

IKE FLIES TO MEET TRUMAN AT WHITE HOUSE

WASHINGTON (AP)—President-elect Eisenhower and President Truman sit down together today to talk over ways of keeping the ship of state on an even course as command shifts from the old captain to the new.

Their meeting—the first face-to-face since June 2 when Eisenhower came back from command of European defense forces—was set for 2 p.m.

Much of the initial drama may never be known to the public. White House arrangements call for Eisenhower and Truman to be alone in the President's office for the first 15 minutes.

To Cabinet Room Next

Those minutes will present an opportunity for personal exchanges which might erase some of the bitter things said in their political campaign when Truman battled so furiously against the election of Eisenhower as his successor.

From the President's office, they will go to the Cabinet Room where key advisers will join them for formal discussions of the problems with which the Truman administration is now grappling and which will confront Eisenhower and his appointees when they take over Jan. 20.

Truman was reported to be hoping the meeting would produce, at the least, an agreement for a joint statement assuring the world of this country's basic unity and supporting his administration's position in the United Nations on the Korean issue.

Maybe No Statement

But some of those close to Eisenhower described the Republican President-elect as determined not to make any pre-inaugural commitments on vital matters.

A spokesman for Eisenhower told reporters that unless the general changes his attitude there may be no statement at all—or at most a brief one.

Eisenhower, who has been resting at Augusta, Ga., since the election, left there by plane at 10:38 a.m. to fly here.

Truman Gets Ready

His plans are to leave Washington by plane at 4:45 p.m. for New York. He has conferences scheduled.

HUGE CROWD TO ATTEND BULLET, F. AND M. CLASH

Reserved seat tickets for the Gettysburg-Franklin and Marshall College football game at Lancaster Saturday afternoon have been placed on sale at the local college athletic office and at the Britcher and Bender Drug Store, Chambersburg St. The price is \$2.10 each.

No general admission tickets will be sold locally but will be sold at the gate at \$1.50.

Diplomat officials are predicting an over-flow crowd of between 12,000 and 14,000 fans, a large majority of whom will be pulling for F. and M. to complete its season undefeated. The Diplomats have copied seven straight wins in as many starts and need but a victory over the Bullets for their second unbeaten season in three years. F. and M. was undefeated in 1950.

This will mark the first time since the 30s that the traditional game between the schools has not been played on Thanksgiving Day. The change in dates was effected in order to give the students of both colleges a better opportunity to see the game. Both schools close over the Thanksgiving holiday and most students are not around for the game. Next year the game will be played here.

The Gettysburg-F. and M. series began in 1890 and 54 games have been played. The Bullets hold a narrow advantage with 25 wins against 24 defeats and five ties.

PREDICTS BIG 10 WILL END ROSE BOWL GAMES

WASHINGTON (AP)—Michigan State President John Hannah's prediction that the Big Ten will end its Rose Bowl contract in 1954 has brought quick and cautious reaction.

The Rose Bowl, as every kid in shoulder pads knows, is the oldest of college football's annual post-season classics, dating back to 1902.

The Pacific Coast Conference, which provides the host team each New Year's Day at Pasadena, Calif., has an agreement running until Jan. 1, 1954, with the Big Ten, which supplies the opponent. The arrangement began in 1947 and was renegotiated last year.

Forecast End of Bowl
And Dr. Hannah, whose college becomes a Big Ten member next year—hence, eligible to vote on renewing the contract—forecasts it will be dropped. He said yesterday: "I think presidents of the Pacific Coast Conference think about as I do."

Hannah declined to speculate whether that meant there would be no Rose Bowl after Jan. 1, 1954, but he said: "If there is, I suspect that the Big Ten will not participate in it."

Elimination of all post-season competition, football bowls included, was one recommendation of a special committee of the American Council of Education. Hannah was chairman of the group, which conducted a nation-wide investigation into college sports programs.

Action Next Year
Big Ten Commissioner Kenneth L. (Tug) Wilson, reached at Chicago, would say only: "The conference will act on a decision of renewing the Rose Bowl contract some time next year."

Pacific Coast Conference Commissioner Victor O. Schmidt was noncommittal. He told reporters at Corvallis, Ore., "The conference has found its relationship with the Rose Bowl over the last half century to be satisfactory and desirable."

Also at Corvallis, Oregon State President A. L. Strand said: "The California schools are irrevocably married to the Rose Bowl." He said Northern schools in the conference would go along with the California members.

However, President Harry K. Newburn of the University of Oregon said at Eugene he was ready to back Dr. Hannah.

SHANTZ SNUBS A'S CONTRACT

PHILADELPHIA (AP)—The American League's most valuable player, Bobby Shantz, and Art Ehlers, general manager of the Philadelphia Athletics, spent more than an hour in Ehlers' office yesterday talking contract.

When they emerged the scale model pitcher, who drew almost as many fans to games he pitched as the club did in the rest of their home games, refused to comment, saying simply that "I didn't sign."

Ehlers later told reporters that he was bewildered by the south-paw's attitude.

"I asked him how much he wanted but he wouldn't tell me," Ehlers said. He added that he wanted Shantz to give him a figure so they could see how far apart they were. "I told him if his figure was too great I'd give him a fast no."

Ehlers said Shantz told him to send him a contract when he sends them out to the rest of the players and he would let him know by return mail just how he felt about it.

"Human Pinwheel" To Star In Follies

HERSHEY, Pa. — The human pinwheel number, with diminutive Marie Crimmins serving as the "whip," will again highlight Ice Follies of 1953, coming to Hershey Sports Arena for 13 performances beginning Tuesday evening, November 25.

Little Marie, who at 21 is a veteran of four seasons with the show, is the girl who finally "catches up" to the rapidly revolving mass of Ice Follies after a breath-taking dash around the ice, Miss Crimmins qualified for her role by winning the Tri-States Speed Skating Championship in 1947, the year before she joined the Shipstads and Johnson frozen spectacle.

In addition to her speed skating honors, she won the Eastern States Championship in 1946-47, as well as being chosen Silver Skates Champion in New York City in 1947.

Since joining the Follies Marie has added another talent, that of acrobatic skating, which she displays to good advantage in the show's opening spectacle, "Dunbar at Delhi," and East Indian Festival.

BOWIE TRACK IS IDLE TODAY

BOWIE, Md. (AP)—Bowie Race Track lay idle today, and it looked to disconcert Larry S. MacPhail as if he'd turned up snake eyes in his five million dollar gamble with nasty November weather.

The grand opening of the gem of the Southern Maryland sand flats was a bust yesterday when jockeys refused to ride because of the muddy, rain-soaked track. It won't be known until this afternoon whether or not racing will be resumed here tomorrow.

May Go To Pimlico
Meanwhile, the Maryland Racing Commission said if the Bowie track still appears unsafe, the rest of its 16 racing days will be transferred to Pimlico in Baltimore.

Jockey Jimmy Lynch, spokesman for the Jockeys Guild, said the rebuilt strip had not been given time to settle and that Saturday's rains had washed out some of the bottom.

"You gallop along and all of a sudden your horse's foot sinks down 12 or 18 inches," Lynch said. MacPhail bought the track last year with some partners for a reported three million dollars and laid out a two-million dollar improvement program.

HAZLETON IS WELCOMED TO INTERSTATE

YORK, Pa. (AP)—The Interstate Baseball League welcomed Hazleton, Pa., into the fold today but officials of the Class B Loop still weren't sure how many teams will operate next summer.

The league directors approved the purchase of the Wilmington, Del., franchise by a Hazleton group yesterday in a six hour session. The Philadelphia Phillies sold the Wilmington franchise to the new owners last week. However, a decision on whether Harrisburg would field a team in 1953 was put off until Nov. 25.

President Gerald P. Nugent said the Harrisburg Senators, the league's eighth place team last season, must come up with a definite plan by Nov. 25 "or the franchise will be forfeited to the league."

Need Major Tieup
Sereel Wagner, vice president of the Senators, explained that the Harrisburg club's future depends upon landing a "full working agreement with a major league team." The Senators last year had a partial agreement with the Philadelphia Athletics.

"If the league takes over the Harrisburg franchise," Nugent told the meeting, "the directors will sit as a committee of the whole to decide whether to find a new location for it or whether to operate with six teams."

"It would be almost impossible to go with seven teams because of scheduling difficulties," Nugent said.

Groups from Johnstown and

Receives Inquiries
Wilkes-Barre have inquired about obtaining a berth in the 13-year-old league but neither was represented at yesterday's meeting.

It is said Wilkes-Barre would prefer to re-enter the Class A Eastern League, however, and Johnstown, 132 miles west of Harrisburg, would present a serious transportation problem.

All eight teams have been ordered by the league to guarantee home attendance of 60,000 in 1953. Allentown must guarantee that figure by Nov. 23 to remain under the colors of the St. Louis Cardinals. A booster campaign there so far has netted about half the necessary total.

Salisbury Still In
Only York and Lancaster surpassed 60,000 attendance last season.

Salisbury, Md., another question mark team before yesterday's meeting, told the directors it definitely would operate again in the same Eastern Shore City. President George Smith said he is dickering with two major league teams since Cincinnati cancelled its working agreement with the Reds.

Capozzoli Captures Cross-Country Race

NEW YORK (AP)—Charlie Capozzoli, the ICA cross-country champion, is a youngster who learns his lessons well.

He was made a member of the United States Olympic 5,000-meter team last summer and although he didn't place—he didn't figure to against the speedy European distance stars—he did plenty of watching.

"I really was impressed with the way runners like Gaston Reiff trained and ran," he said yesterday after whizzing around the five-mile Van Cortlandt Park course in an amazing 24:30.1, "and I tried to follow their styles."

Ray Osterhout of Syracuse was second, finishing about 100 yards behind Capozzoli.

Jim Keptord of Michigan State was third; John Joe Barry of Villanova fourth and Fred Dwyer of Villanova fifth.

Michigan State, the big ten titlist, broke Penn State's two-year reign as team champion by placing its entire five-man team in the first 19 for 46 points. Army was second with 93 and Syracuse third with 98.

NAT HOLMAN SUSPENDED BY CITY COLLEGE

NEW YORK (AP)—Nat Holman, former City College of New York basketball coach, and two other City College officials are under suspension today in the latest outgrowth of the 1951 basketball "fix," scandals.

The three were suspended without pay last night by Dr. Buell Gallagher, president of the college, a few hours after the City Board of Higher Education's Committee on Inter-Collegiate Basketball accused them of unbecoming conduct. Named with Holman were Professor Frank S. Lloyd, chairman of the Faculty Athletic Committee, and Assistant Coach Harry Sand.

The revelations came exactly two weeks after the University of Kentucky, which City College defeated en route to its famous twin tournament victory in 1950, announced that it was suspending basketball for the coming season. Kentucky acted after the NCAA council recommended their suspension.

Holman Is Criticized
City College, which won the NCAA and National Invitation Tournaments in 1950, dropped out of big-time basketball after most of its stars were disclosed to have participated in the 1951 scandals.

Holman, who has been on sabbatical leave with pay, was criticized by the committee in a report to the board for his testimony that he remained aloof from details of the basketball program outside of actual coaching.

"Either Professor Holman knew very well many of the aspects of big-time basketball dealt with in this report or else was so naive about matters involving his own job as to throw doubt on his fitness as a teacher," the report said.

Kozar Will Not Play On Saturday

KNOXVILLE, Tenn. (AP)—The cherished desire of Tennessee's All America fullback candidate Andy Kozar ended last Saturday when he suffered a chip fracture of the pelvis in a game with Florida.

Kozar, of St. Michaels, Pa., resting comfortably yesterday in the University of Tennessee hospital, was saddened when he learned he will be unable to play against Kentucky Saturday in his team's final home game this season. He had invited his widowed mother, Mrs. Frank Kozar, to come down to see him play against Kentucky, Tennessee's traditional rival.

She's never seen him play college ball, Kozar explained, and had been looking forward to the Kentucky game this week end.

Though he won't be playing ball, his mother's coming down anyway, Kozar said.

26-GAME CAGE SCHEDULE FOR YORK SPRINGS

A 26-game schedule, the most ambitious in history, was announced today for the York Springs High School Cagers.

MICHIGAN STATE MAY WRAP UP 1ST NATIONAL TITLE

NEW YORK (AP)—Michigan State, leader for most of the season in the Associated Press poll of the nation's top college football teams, apparently has only to beat Marquette Saturday to wrap up its first national football championship.

Michigan State's impressive 21-3 thumping of Notre Dame, combined with Georgia Tech's close call against Alabama and Maryland's upset loss to Mississippi, left the undefeated Spartans off by themselves with nearly two-thirds of the third-place votes from 127 sports writers and broadcasters participating in this week's poll.

Michigan State was named first by 80 voters and piled up 1,168 points on the usual basis of 10 points for first, nine for second and so on down the line.

Georgia Tech Stays Second
Despite its close game with Alabama, Georgia Tech managed to retain second place. The writers appeared about evenly divided in their regard for third-ranked UCLA and fourth-ranked Southern California. Tech received 1,020 points as compared to 968 for UCLA and 911 for USC.

Oklahoma Jumps
Oklahoma, bouncing back from its Notre Dame defeat with a 47-7 thrashing of Missouri, jumped from eighth place up to fifth, with 542 points.

Mississippi climbed from 11th place to sixth with its upset and in the process knocked Maryland from third down to eighth. Tennessee held firm in seventh place, while Notre Dame fell from sixth to ninth and Texas dropped a notch to 10th despite a 14-7 victory over Texas Christian.

Williamsport Scout Executive Resigns

WILLIAMSPORT, Pa. (AP)—Carl H. Hall, a Boy Scout official in the Williamsport area 27 years and present Scout executive of the West Branch Council, resigned his position last night because of ill health.

Hall came here from Philadelphia. In the post of executive he directed activities of some 2,000 scouts in Lycoming and Clinton Counties.

EPPLEMAN GETS PLAYER AWARD

Bob Eppleman, fullback on the Gettysburg College football team, was given the "outstanding player of the week" award at the Skeets Irwin Memorial Club dinner in Camden, Monday.

Associate Athletic Director Henry T. Bream, former head football coach, Gettysburg College, was the main speaker at the dinner which had been advertised as "Gettysburg Night," and which attracted a great number of alumni.

The organization is similar to Philadelphia's Maxwell Club, and each week honors a South Jersey school boy as well as a collegian.

Eppleman, who has been a consistent ground gainer for the Bullets, is a sophomore and comes from Gloucester, N. J. At 155 pounds, he is probably one of the lightest fullbacks in the country.

Eppleman is the second Bullet back to be honored this year. Joe Ujohal, Phoenixville, was presented the "Maxwell Club Award" for his performance in the Western Maryland game.

Now—the car of the year
—the deal of the year!

And we're ready to back up that headline with appetizing facts and generous figures. For example, "the car of the year" is more than a big phrase, it's a title that Mercury has earned by doing—by making news.

Mercury is the one car in its class that came up with something really new for 1952—styling so new it left other cars far behind. And Mercury (with optional overdrive) again proved that pound for pound it could beat all

comers for economy in the Mobilgas Economy Run.

But, we know, you're equally interested in "how much" for your present car. We can give you some idea if you just pick up the phone and call us. But we can do even better if you give us a chance to appraise it firsthand—so we can allow for the extras and the care you've given it.

So drop around. Our deals are now the best of the year. That means tops in town.

Standard equipment, accessories, and trim illustrated are subject to change without notice. While side-wall tires and full-disc hubcaps at extra cost.

GARDEN OF FRIENDS

It takes a variety of flowers and
shrubs to make a beautiful and
balanced garden. Each becomes a
supplement of the other, contribut-
ing to the garden's over-all per-
fection. I like to think of my
friends as inhabiting just such a
garden, each contributing as the
flower, enriching the whole.

Thus I can say that I have an
entire garden of friends! But a
garden has to be tended, weeded,
cultivated and watered. Dr. John-
son once said "a man should keep
his friendships in constant repair."
We know what happens when a
flower, or an entire garden, is ne-
glected. It withers and dies. It's
the same with a human garden of
friends. Each must be attended,
given love and care — watered
often!

We walk out into our garden and
are inspired by its beauty, its color,
and its production of miracles.
Friends, tried and true, work mir-
acles within each one of us just so
long as we do not neglect them,
but keep giving them something of
the substance of ourselves. We
gain happiness best and more last-
ingly, by living the co-operative
life, that is by thinking, working,
and communicating with others in
generous fashion.

At any time we can walk out,
in our imagination, to this garden
of friends of ours. To this one who
gave us a boost when we most
needed it, to another who defended
us against false criticism, and to
another indebted for the joy and
hope through encouragement. Who
can measure his worth in terms
of friends?

Sam Walter Foss became one of
the immortals for writing that
beautiful poem "The House By the
Side of the Road." He said: "Let
me live in my house by the side
of the road and be a friend to
man." What a garden of beauty
he visioned to the world in these
words! What an inspiring ambition
just to be a friend of a friend!
Emerson once wrote: "Go often
to the house of thy friend, for
weeds choke the unused path." Friends
don't just happen. They come
through cultivation, attention,
communication, and contributed
helpfulness.

Tomorrow Mr. Adams will talk
on the subject "Unessentials."

THE HUNTING SEASON

How patient women all must be
Who live with hunting men,
And through the season have to see
Them go for ducks again.
They know when they get home once
more,
If but their aim be true,
Their men will pass to them the
chore
Of feathering to do.

How patient women all must be
About this time of year
Who stand beside the door and see
Their men go after deer.
There's danger in the forests deep
From careless boys and men,
And they won't know a good night's
sleep
'Til they get home again.

Yet men are born from year to year,
To turn away from home,
To hunt the duck and for a deer
The forest trails to roam,
And it is every woman's fate
Whose husband camping goes
To sit at home and watch and wait
Until the season's close.

JUSTICE DEPT. HAS HARD TIME WITH CONTEMPT CASES IN COURT

WASHINGTON (AP) — The Justice
Department is having a hard time
convicting those charged with con-
tempt of Congress.

It had another setback last week.
Julius (Blinky) Fink of Baltimore,
who had declined to discuss his
business affairs with the Senate
Crime Investigating Committee,
was acquitted by U. S. District
Judge James R. Kirkland.

Kirkland said Fink was within
his rights in claiming he might
have incriminated himself by an-
swering certain questions asked by
the senators.

8 Guilty, 29 Acquitted
When Kirkland made his ruling,
similar indictments were dropped
against Abraham and Isadore Mip-
ker, Reading, Pa., brothers, and
their nephew Lex Fudeman.

The Senate Crime Committee—
it's the one that was headed by
Sen. Estes Kefauver of Tennessee
—had been interested in what, if
anything, the four knew about
gambling. But none would talk.

The unofficial box score for the
past two years: 48 cited, 8 con-
victed, 29 acquitted or cases dis-
missed and 11 either not yet tried
or cases not yet presented to the
grand jury.

The problem is exceedingly dif-
ficult.

A Tough Problem
If it is to legislate wisely, Con-
gress needs all the information it
can get. But the Fifth Amendment
to the Constitution says no man can
be forced to testify against himself.
The Supreme Court has held this
applies to congressional hearings
too.

When a witness balks, the com-
mittee then decides if it thinks he is
in contempt. If the answer is yes,
it asks the House or the Senate to
back it up. When this is done, the
Justice Department turns the case
over to a grand jury.

A witness can use any reason he
wishes for not talking. But if he
says he's afraid he may incriminate
himself, and says it to the right
questions, the courts generally
have agreed with him and his law-
yers.

TO TRY TO CUT PRICE OF MEAT

WASHINGTON (AP)—Price Chief Tighe Woods plans to reduce the price of meat to consumers if it's legally possible.

Woods yesterday ordered his Office of Price Stabilization staff to have ready by Monday an order rolling back retail meat prices—or let him know why it can't be done.

He said a pulse-feeling swing he made through the country convinced him consumers are more concerned about food prices than any others, and that meat is first on that list.

Woods said cattlemen and farmers complain that the prices they receive for live cattle have gone down but that consumers are paying as much for beef now as they were when ceilings were set more than a year ago.

The price chief said if this is so he wants to know the reason why, and where the difference in price exists.

Stamp News

WHEN THE NEW U.S. 3-cent commemorative stamp honoring the Red Cross is issued on Nov. 21 it will mark a new era for this country in printing bi-colored stamps. Previously U.S. stamps in two or more colors were printed on a flat bed press. The newly adopted method, performed on a rotary press, is the result of more than 10 years' research.

The Bureau had to perfect a method which would provide a high-speed output while still retaining the security feature of wet intaglio printing. The increased speed of the press also made it necessary for them to develop quick-drying printing inks.

But the job has been done successfully now and the stamp world is eagerly awaiting the initial issue of these adhesives Nov. 21. The basic design will be in blue and the famous International Red Cross in red.

DR. INAZO NITOE appears on a new 10 yen green stamp from Japan. It is the latest in the Japanese Cultural series. Dr. Nitoe was a Christian leader, humanitarian, author and a representative to the League of Nations in Geneva for many years.

Also issued by Japan are two new stamps honoring the 7th National Athletic Meet. Both are 5 yen adhesives. A wrestling match is depicted on the brown and a mountain climber on the blue.

PANAMA has issued a new set

Ike Resigns As Columbia's Prexy

NEW YORK (AP)—President-elect Dwight D. Eisenhower has resigned as president of Columbia University, effective the day before his inauguration Jan. 20.

The university announced yesterday that Eisenhower in a letter dated Nov. 15 submitted his resignation both as president and "an active trustee."

of 10 stamps commemorating the 500th anniversary of the birth of Spain's Queen Isabella, reports the New York Stamp Co. The stamps are of different denominations but bear the same portrait of the Queen flanked by coats of arms. The anniversary actually occurred last year but it has taken some of the Latin American countries a little time to put forth the stamps.

A NEW SET of stamps showing costumes of various areas of Austria has arrived in this country, reports Edwin Mueller. The 2.20 schillings blue grey depicts a woman in costume of Ischl (Upper Austria). The 2.50 s red brown shows a woman of Upper Styria. The 7 s dark olive green depicts a woman of the Sulm Valley in Styria.

AN EXHIBITION of rare stamps which are part of the official stamp collection of the German Postal Service will be shown at the National Philatelic Museum in Philadelphia starting Nov. 15. The stamps were formerly part of the German Postal Museum and were recently sent here by the Bonn government. The collection had been hidden all over Germany during the last war along with many art treasures.

There will be 150 frames in this exhibit, each containing approximately 200 stamps. Most of the rare stamps of the world are in this group.

THE PORTUGUESE colony of St. Thomas and Prince Islands has issued a set of six beautifully colored stamps. Each stamp depicts a different ancient sailor who traveled far and wide exploring new territory for Portugal. The explorers pictured are DePo, Escobar, Goncalves, Fernandes, DeSantana and Esteves.

STRIKE CLOSES PLANT CHAMBERSBURG, Pa. (AP)—A strike suspended operations today at the L. D. Smith Ordnance Plant, employing 1,100 persons.

Peter Steward, international representative of the AFL-Machinists Union, said the strike was called when management refused to negotiate a wage contract.

He said the union represented 80 per cent of 800 production workers. The others are employed as

gle mounted rear springs absorb small road shocks and in combination with time-tested Oriflow shock absorbers complete the car's balanced suspension system.

There is sweep and grace in the styling of the new bodies. The new Plymouth is lower and completely streamlined. Chrome trim is integrated as part of the design to further enhance the long, low, wide appearance of the car.

Horizontal character lines are incorporated into the sheet metal of front and rear fenders. Chrome trim strips are available as special equipment at slight extra cost.

"Control Tower" visibility is provided through a one-piece, more uniformly curved windshield and a new, larger, one-piece rear window which extends into each rear quarter panel. Total glass area has been increased almost 16 per cent for virtually 360-degree vision range with minimum distortion.

Interior styling is new. Box type seat trim gives both front and rear seat backs a smart appearance. Cushions are divided into thirds. The triple division adds a new style note with its more pleasing proportions.

Upholstery, interior molding and trim are available in a wide variety of harmonizing hues to blend with the buyer's choice of exterior body colors. Sparkling chrome hardware and bright plastic accessories set off the luxurious tailoring.

A clever innovation on all two-door models is the front seat which is divided, not in the traditional manner at the center, but at one-third of its width to permit easier entrance and exit for rear seat passengers from the curb side. Two can sit comfortably on the wider portion of the front seat while the remainder is tilted forward for easy back seat access.

clerks and in other non-production capacities.

A statement from company officials was unavailable.

The Detroit Tigers drew 441,038 fans to 14 night games at Briggs Stadium this season.

COUNTIANS TO VIEW NEW PLYMOUTH THURSDAY

Dash and distinction are combined in the flowing lines of the Cranbrook Club Coupe, one of nine outstanding body styles in the new 1953 line of Plymouth cars. The new styling is combined with increased power and improved performance to make it big car value in the low-priced field. New suspension gives virtually gyroscopic stability under varying road conditions. Engine and rear axle relocation, coupled with easier riding, angle-mounted rear springs, provide the utmost in comfort. Engineers have designed more headroom, legroom and hip and shoulder space into the 1953 models.

COOL RECEPTION GIVEN INDIA'S TRUCE PLANS

UNITED NATIONS, N. Y. (AP)—

United Nations delegates gave a cool but studious reception today to the long-awaited Indian compromise proposal for settling the Korean prisoner of war deadlock. Although objections were raised on several points of the draft resolution India handed the U. N. General Assembly yesterday, neither

Communist nor non-Communist representatives rejected the proposal outright. Neither side, however, was enthusiastic about it. The world diplomats marked time in the main Korean debate in the Assembly's Political Committee so they could study the resolution further. Sessions originally scheduled for today were postponed for lack of speakers.

Decisions still were being made behind the scenes, and it was expected other compromise proposals would be introduced after the Korean debate is resumed tomorrow. The delegates also awaited the outcome of the major policy talks in Washington today between Pres-

ident Truman and President-elect Dwight D. Eisenhower. U. S. Secretary of State Dean Acheson went to Washington for the conference and hoped to get from the incoming administration head some assurance that vital U. S. policies toward problems confronting the U. N. will not be drastically changed.

4-Nation Commission
The Indian resolution calls for a four-nation commission to take charge of repatriating prisoners of war as soon as an armistice is reached in Korea. The Indians suggested two Communist and two non-Communist nations — Poland, Czechoslovakia, Sweden and Switzerland. But they added if this wasn't acceptable, four other states not participating in the Korean hostilities—excluding permanent members of the Security Council—could serve. The commission would choose a neutral umpire to vote in case of a 2-2 deadlock on decisions.

25 depositions during the trial, which is expected to last at least four months. Judge Walter J. Labuy will hear the case without a jury. The suit was first brought in 1949 charging that E. I. du Pont de Nemours Company of Wilmington, Del., General Motors Corp. and the U. S. Rubber Company violated the Sherman Antitrust Act.

Changes Derived
The government contended the firms violated the act by restraining trade through secret rebates and by dividing several fields of manufacturing amongst themselves to eliminate competition. The charges have been denied. Three du Pont holding companies and 117 individual members of the du Pont family, including 59 minors, are also defendants.

The government charges that the holding concerns control the du Pont company, which in turn controls General Motors and has a major block of stock in U. S. Rubber.

PLEADS GUILTY; TO 2 CHARGES MAY GET LIFE

NEW YORK (AP)—Elmer Schuer, 21-year-old jailbreaker recaptured in a gun battle, faces possible life imprisonment on pleas of guilty to kidnapping and robbery.

A charge of homicide, involving the death of a city detective in the gun fight, also hangs over him.

Schuer, whose two fellow fugitives were killed in the blazing gunplay in a Manhattan apartment last Sept. 10, entered the guilty pleas yesterday. He was sent back to jail to await sentencing Dec. 17.

Schuer's companions slain in the gun fight with police were two brothers, Ballard and Joseph Nolen. The three felons escaped from the Lewisburg, Pa., federal penitentiary Sept. 10 and went on a crime spree over a wide area of Pennsylvania.

The three were surrounded in an apartment here on Sept. 21. Det. Philip LaMonica, 45, was slain, and another detective was seriously wounded but survived.

The charges to which Schuer pleaded guilty were that he and the Ballard brothers participated in a \$12,000 robbery of a Bronx bank and a holdup of a Bronx gunshop, after which the three kidnapped a physician and forced him to drive them to Manhattan.

Schuer's pleas were made in Bronx County court by his defense attorneys.

Action on the homicide charge, lodged in Manhattan, has been postponed.

FINE AWAITS INCODER FACTS

HARRISBURG (AP)—Gov. John S. Fine will await a report from a special investigating committee before making recommendations to the 1953 Legislature regarding Pennsylvania's part in plans for developing water resources of the Delaware River.

"Until the committee reports, the administration is in no position to take a stand," Fine said yesterday.

The governor said "there is a question as to whether the job will be completed before the Legislature convenes in January," but added that he believes there will be "ample time" to advise the 1953 lawmakers.

Fine appointed the nine-member Pennsylvania Water Resources Committee in 1951 to make an additional study of Delaware River water resources surveyed earlier by the Interstate Commission on the Delaware River basin.

The Incoder plan calls for construction of a series of dams and reservoirs along the Upper Delaware to cost an estimated half billion dollars.

Only Pennsylvania's approval is needed. The neighboring states of New York, New Jersey and Delaware, all to bear a share of the cost, have okayed the proposals.

Ike Way Ahead In Soldier Vote

PHILADELPHIA (AP)—With more than half the states 8,472 precincts reporting President-elect Dwight D. Eisenhower leads his Democratic rival, Gov. Adlai Stevenson by nearly 5,000 in the absentee soldier voting returns.

In Pennsylvania's U. S. senatorial race, Sen. Edward Martin is running ahead of his Democratic opponent, former Federal Judge Guy K. Bard by better than 2 to 1.

The totals thus far:
Eisenhower 12,479
Stevenson 7,678
Martin 8,394

Mickey Rooney Weds Fourth Time

LAS VEGAS, Nev. (AP)—Mickey Rooney, the diminutive film actor, fidgeted and fumbled for the ring this morning as he married for a fourth time following a surprise elopement from Hollywood.

The bride, a flame tressed comparatively unknown model described as slender and "quite a bit taller" than Mickey, signed the marriage certificate as Elaine Mahken, 22. She's been married once before.

Giving the slip to newsmen who had been told they'd be wed at the Flamingo Hotel, the couple was married by the Rev. Thomas Daly at the Wee Kirk O' the Heather Chapel. Then they hurried to El Rancho Vegas Hotel, registering as Mr. and Mrs. Joseph Yule—Mickey's real name.

Rooney's former wives were actresses Ava Gardner and Martha Vickers, and an Alabama beauty contest winner.

Edward J. Webb who operated the wedding chapel, said Rooney appeared nervous and had trouble locating the wedding ring. The ceremony was performed about 2 a.m.

Only Bald Eagle Sanctuary In U.S. Is Near Lancaster

The State Game Commission has established in the Commonwealth 242 game refuges, covering an area of 82,260 acres. Of these, 185 are located on State game land and 57 on other publicly-owned land, among which is the Pymatuning Waterfowl refuge at Lake Pymatuning, a flood control project on the former site of the great Pymatuning swamp. At Pymatuning, 3,670 acres are set aside as a sanctuary for many species of waterfowl and shore birds.

Besides the more than 80,000 acres of game refuges maintained by the State, there are also numerous game refuges established on privately-owned land by individuals or societies interested in preserving the State's wildlife. One of the most notable of these is the Hawk Mountain Sanctuary, located about six miles east of Hamburg, in Berks County. Hawk Mountain is on the route of the fall migration of American hawks and thousands of people every year visit this sanctuary to observe the annual southward movement of hawks and eagles from the far North toward their winter home.

Warblers And Thrushes
On the mountaintop of this refuge, on favorable days from September to November, the sky is dotted with hawks and eagles bound South, and also with glittering flocks of warblers, swallows, wrens, thrushes, song sparrows and tanagers, some of which winter in the jungles of Central America.

Another interesting Pennsylvania bird refuge is what is perhaps the only bald eagle sanctuary in the

SERVICE HELD

The Rev. Otto Waack, a native of Lauback, Germany, and an exchange student at the Lutheran Theological Seminary, Gettysburg, was the guest speaker for the annual Thank-offering service held in St. Paul's Lutheran Church on Sunday morning, when a large congregation was in attendance. The Rev. Mr. Waack presented the sermon and explained that after he is finished with his post graduate work in the States, he expects to go to India as a missionary in the spring. An anthem, entitled "The Harvest Thanksgiving," by G. F. Strickland, was sung by the Senior choir with Mrs. Winfield Lipp, church organist, presiding at the console. The offering was received by four members of the Group B Missionary Society. The pastor, the Rev. David S. Kammerer, conducted the service, which was arranged by the Abigail Kammerer Missionary Society.

The Golden Deeds Sunday School Class of St. John's Lutheran Church will not meet this evening as previously announced, but the meeting has been postponed to the following Tuesday, November 25, 7:30 p.m. and will be held at the home of Miss Minnie Harner, Crouse Park.

A large congregation was present for the union vesper service held on Sunday evening at 7:30 o'clock in St. John's Lutheran Church with the pastor of the host church, the Rev. William C. Karna, in charge. The guest speaker for the evening was the Rev. Dr. Frederick R. Seibel, pastor of St. Mary's Lutheran Church, Silver Run, and he spoke on the subject "The Necessity of Having Both an Anchor and a Propeller on Our Journey Through Life." The speaker was secured for the occasion by the Rev. David S. Kammerer, pastor of St. Paul's Church, who introduced Dr. Seibel to the congregation. Rev. Mr. Kammerer also read the Scripture lesson. A vocal solo was sung by Jack Sites. Mrs. Jay D. Basehoar, church organist, presided at the console throughout the service.

Next Sunday evening at 7:30, a movie entitled "More for Peace" will be shown in Redeemer's Reformed Church. The host pastor, the Rev. Frank E. Auxiliary Seeks Members
Mrs. Albert H. Miller Jr., president of the Ladies' Auxiliary to the Ocker-Snyder Post No. 321, American Legion, has announced that the local unit is in the process of enrolling new members and re-registering former members for the 1953 Auxiliary year. A special effort to secure new members is being made to help the National Auxiliary reach the goal of one million women enrolled. The American Legion Auxiliary is the largest women's patriotic organization in the world and they are working to increase their strength for greater service in the years ahead. A large membership committee, headed by Mrs. Ernest R. Sentz and Mrs. James W. Fager, co-chairmen, is working on this project, which will reach its climax at the joint supper-meeting on Thursday evening with the Legionnaires at the post home.

All eligible women are invited to join the Auxiliary and they include all wives, mothers, sisters and daughters of Legionnaires, of persons who died in service during the World Wars and in the Korean conflict and those of deceased war veterans as well as women who have themselves served in the wars. The increased need is the reason for enlarging the membership. The Korean war is adding thousands to the already long list of disabled veterans whom the Auxiliary serves. Interesting, as well as worthwhile activities, await all eligible women in the unit, the president has stated, working side by side with the post to carry out locally the full program of the Legion and the Auxiliary.

The date for the annual Christmas party and December meeting of the local Auxiliary has been set for Wednesday evening, December 3, according to announcement of the committee in charge of the program and the arrangements.

SAP-SUCKERS ON HOUSE
PLANTS

Experience and observation indicate that almost all insects that attack indoor plants are sap-sucking in habit, not leaf-chewing. This fact lays a simple but important foundation for effective control which every grower should understand clearly. First, of course, it is necessary to identify the culprits. They are three in number — plant lice (aphids), mealybugs, and white flies.

None of these pests has chewing mouth parts. They feed solely by inserting their pointed beaks into leaf or stem tissues and sucking out the sap. Because this feeding habit renders them immune to insecticides that merely coat the foliage and cause death by being taken into their digestive tracts directly, all sap-sucking insects must be combated with a poison that kills by contact with the creature's body. Herein is the explanation why control advice always refers to such insecticides as "contact" poisons. They are intended to combat pests which do not chew their food.

A simple study of this truth about contact insecticides suggests that in warfare on this particular group of foes it is useless to coat the foliage with the poison and not coat the insect. This indicates the importance of the word "contact," and emphasizes the necessity of spraying so every sap-sucker is liberally coated.

However, there is a fumigation phase to this scope of combat which applies more to indoor than to outdoor plants. Later it will be discussed more generally.

But first let us get acquainted with these three groups of enemies. Most growers quickly recognize plant lice. Species range from pale green in color to dark brown and almost black.

Mealybugs are roughly described as plant lice with a fuzzy or cottony upholstery to afford them an armor of protection. From a distance they look like small wisps of cotton.

White flies are not white but they are actually small dark flies coated with a whitish powder for protection. They are easily detected by moving an infested plant when they are seen flying about wildly. The young (called nymphs) are pale green.

Black leaf 40 is recommended for control of all three of these enemies, mixed at the rate advised on the bottle. The addition of a cubic inch of ordinary laundry soap or two tablespoonfuls of soap flakes to each gallon of water for this spray vastly increases the adhering power against the oily bodies of the pests. Of course, careful spraying is necessary to insure coverage of every individual.

Black Leaf 40 kills by closing the breathing pores of the insects. Fumes released by the nicotine accomplish the main benefits. Therefore in waging war against these indoor plant foes it is advantageous to utilize the full potency of these fumes. One of the best ways to do this is to make a tightly fitting paper cone to fit down over each plant immediately after spraying. Or oilcloth may be spread over the plant. The idea is to hold the tobacco fumes among the leaves until the insects are asphyxiated. Usually 6 to 8 hours is a sufficient time to retain the covering. This kills most insects not directly hit by the spray.

In spraying to control white flies it is advisable to move the infested plant gently to another room for spraying so as not to disturb the flies. After all the flies are killed the plant may be returned to its regular place. This practice prevents driving the disturbed flies to other nearby plants during spraying operations.

FARMING BY CASH-REGISTER

Recently in a national farm magazine we read an article about how to determine accurately when an apple tree should be destroyed because of unprofitable production. It was a dollars-and-cents analysis. It seemed that one aged tree was standing before a frigid judge whose features strongly resembled a cash-register with all its modern attachments. The accused was to be acquitted or executed solely on the basis of whether the market value of the fruit it bore equaled the cost of its care. On one side of the ledger were spraying expenses, interest charges on the land it occupied, other labor costs, and even 85 cents for the annual pruning. On the opposite page were a few figures representing revenue from apples sold.

When we came to the final paragraph the room was suddenly still. We realized we were awaiting the judge's decision. Scowling the cash-register shouted at the cowering tree, "You've failed by exactly \$13.81 to produce enough fruit to pay for your upkeep." The tree was doomed. An angry puff from a powerful bull dozer soon drowned out the terrible sounds of breaking branches and splintering trunk. The tree was gone. Financial justice had triumphed.

OWLETT ASKS
LARGE ROLE FOR
WOMEN IN GOP

HARRISBURG — G. Mason

Owlett, Republican national committeemen, called today for "a front seat" role in policy making for Pennsylvania's Republican women.

Owlett joined with U. S. Sen. Edward Martin in giving women credit for carrying Pennsylvania for the Republican ticket in the November election.

"Recognition in the way of elective and appointive offices is not enough," Owlett told the 30th annual convention of the Pennsylvania Council of Republican Women.

Monopoly Too Long

"Men have had a monopoly of political affairs too long. It is about time we all realized it. I see no reason why women should be excluded from the inner councils of our party. They have been kept on the fringes too long. They have proved they are entitled to a front seat."

Sen. Martin, who was re-elected for a second six-year term two

dead vegetation of an October cornfield or a mother quail leading her youngsters in a wilderness of fragrant clover.

The intrinsic value of farming, its actual intangibles, is found in unnumerable items whose listing sound too poetic to enumerate. But there are a few which can be couched in convincing prose — a death rate always lower than that of urban life, less juvenile delinquency, fewer deaths from nervous and heart ailments, a lower rate of divorce, and other assets which comprise the truly durable tissues of human existence.

We have just read again the financial accounting of the apple tree that was found guilty of unprofitable production. Somehow we should like to sit down with the materialistic individual who wrote that article and ask him one simple question. It would be this: "Did you ever drive down the beautiful Shenandoah Valley in early May when apple trees were in full bloom?"

weeks ago, pinpointed what he termed "two immense tasks" confronting the GOP women:

"1. To preserve our individual freedom against the encroachment of big government.

"2. To build a strong, united America that will stand as an unconquerable barrier against aggression and as a potent force for peace."

Claim 57,000 Members

"The victory we have achieved places upon each of us an individual share of responsibility for the future of our country and for our hope of peace in the world," Sen. Martin told the more than 1,500 women.

Mrs. Russell W. Dixon of Butler, president of the council, presided at the opening sessions of the two-day convention. The council claims 57,000 members and the distinction of being the largest group of Republican women in the country.

Helped GOP Win

Commenting on the part of women voters in the Republican vic-

tory, Martin said:

"I cannot look back to this year's national campaign without a profound feeling of gratitude for the tremendous contribution of the women of America to the great Republican victory."

"Never in the political history of our country has the influence of our women been exerted with such enthusiasm or with such effectiveness... without our leadership

and your example there might have been a different result. The women made Republican victory possible."

The commissioner's share of the World Series' receipts amounts to 15 per cent of all the games played.

Roy Campanella and Carl Furillo of the Dodgers both hit two grand-slam home runs during the 1952 season.

ENSIGN WAIVES HIS HEARING

SANTA ANA, Calif. (U.S. Ensign George Snyder, 28, who told federal officers he spent a small fortune of his ship's funds on liquor, women and travel, waived a hearing yesterday when he appeared before a U. S. commissioner.

Snyder, of New Cumberland, Pa., is charged with embezzling \$38,000 of funds of the U. S. S. Greenwood, a destroyer, while he was disbursing officer of his ship at Portsmouth, (Va.) Navy Base. After his arrest at nearby Newport Beach Sunday he told FBI agents that all but about \$2,600 of the money is gone.

At the hearing before U. S. commissioner Arthur Bradley the ensign consented to the issuance of a warrant for his removal to Virginia. Commissioner Bradley said that if Snyder pleads innocent to the embezzlement charge he will be taken to Virginia for trial. If he should plead guilty the case will be disposed of in Los Angeles federal court.

He is being held in lieu of \$10,000 bail. Further proceedings will be in Los Angeles but no date has been set.

Snyder vanished from his destroyer Oct. 17. He told FBI agents that he bought two sporty foreign cars and traveled through the South before arriving in California.

PUC SUSPENDS BUS RATE JUMP

The Public Utility Commission has suspended for six months until May 25 rate increases proposed by the Hanover-McSherrystown Bus Co., Hanover.

The company had applied for the new rate schedule, estimated to produce \$8,282 annually, to be effective Nov. 25.

In ordering the suspension on Monday the commission announced it would investigate the "company's condition to determine whether the increase is reasonable."

The firm operates in Hanover and between Hanover, Brunshtown and New Oxford in York and Adams Counties. It sought discontinuance of three-for-25-cent tokens and a three-cent basic cash fare boost to 15 cents.

The company contended the additional revenue is necessary to put its buses in proper operating condition.

Tobacco Warehouse Destroyed By Fire

RED LION, Pa. (AP) — A three-story brick warehouse of the Victor L. Winstead Tobacco Co. at nearby Yoe was swept by fire last night with damage estimated unofficially at \$50,000. The fire burned out the interior of the building.

Two firemen were injured slightly in fighting the fire. Five fire companies brought it under control.

A check was underway to determine extent of damage to tobacco stored in the warehouse.

2 LETTERKENNY MEN SENTENCED

Seth Walter Hoch Jr., State Line, Pa., was placed on two years probation on a charge of theft of a \$150 welding machine. The machine was recovered.

Trucker Is Fined

Robert E. Popp, York, a trucker, was fined \$600 and placed on probation for three years on charges of violating interstate commerce commission regulations.

An ICC investigator testified Popp made trips across state lines with plumbing supplies after he was warned to obtain an ICC permit. Popp has since applied for the permit.

Typhoon Is Bearing Down On Philippines

MANILA (AP)—A late-season typhoon bore down on the Philippines today. The Manila Weather Bureau said the storm is expected to smash at the battered islands off the Northern Luzon coast tomorrow.

Four other typhoons have roared in from the Pacific in the past month. Two lashed the Southern Philippines and left a known death toll of 400.

DUNBAR TELLS

(Continued from Page 1)

Mexico City as arid, semi-desert land, Dunbar added, "If some way can be worked out to bring all that land into cultivation, enough food could be raised to take care of our food needs for a long, long time."

Auto traffic in Mexico City flows quietly, but swiftly, "too fast for comfort," he said. Jaywalkers go to jail, and when there is an auto accident both drivers go to jail until a trial. One of the visiting Rotarians was involved in an auto accident during the convention.

"He went to jail just like anyone else," Dunbar said. "Fortunately, however he was in the right and was released, following the trial, before nightfall."

President Richard E. Dreas reported that approximately \$126 had been cleared by the rummage sale held by the Rotary Club last weekend. Dr. Harold Dunkelberger told the group reservations for the Rotary District conference must be in his hands by next Monday. The conference will be held November 30 and December 1 and 2 at Harrisburg.

Vice President Walter B. Lane introduced the speaker. There were 57 present.
